HELD ON SERIOUS CHARGE.

"Mike" Durkee, Rutland, Said to Have
Dynamited Poultney House.

Rutland, April 20.—"Mike" Durkee, a Pole, was arrested Tuesday at Poultney by Sheriff Henry R. Adams and Deputy David A. Barkers of this city on the charge of dynamiting the house of Mr. and Mrs. Samuel Humphrey of Poultney. The man was locked up in the Rutland county jail.

It is said that Durkee went to Humphrey's and insisted on going in although ordered to keep out. There was a dispute and Mr. Humphrey is said to have used his fist on Durkee, the

letter going away muttering that he would "get" Humphrey. At 4:40 o'clock Tuesday morning the Humphrey family were awakened by a loud explosion which wrecked their wood shed and broke every window in the house. No one was hurt.

About daylight Durkee was seen crossing a nearby pasture.

HOUSE PASSED NAVAL BILL

By Vote of 221 to 148 And Without Great Ap-
pause

MEMBERS BROKE FROM LEADERS

Bill With 86,000 Personnel Feature Now Goes to Senate

Washington, D. C., April 20.—By the margin of 71 votes, the House last night broke away from its own leadership, stood behind the president and passed the 1923 naval appropriation bill with an amendment fixing the enlisted personnel at 86,000.

The vote on the McArthur-Vare amendment, the big point in dispute, and which increased the man force from 67,000 as provided in the bill, was 221 to 148, with two members answering present. Ninety Republicans voted against the 86,000 amendment while 48 Democrats supported it.

There was no great shout at the finish like that which filled the chamber a week ago when the same proposal was put through the House, sitting in committee of the whole, by a margin of 47 votes. A bare handclap or two greeted the announcement by the speaker. The galleries, half deserted, made no attempt at demonstration.

With the fighting section out of the way, the bill went out on its passage and, it went through, 229 to 78. As amended, the measure carried a total of \$251,209,000, or \$18,000,000 more than the total fixed by the appropriations committee which framed it. It goes now to the Senate with the charge by Chairman Kelley of the naval appropriations subcommittee that many millions will be added and which the House would have been asked to add "had not the big navy men changed front at the last."

Ninety Republicans, including Representative Henry M. Maine, voted against the 86,000 personnel amendment. Forty-eight Democrats, including Representatives Gallivan and Tague, Mass., voted for it.

As compared with the ninety Republicans who voted against the amendment, 47 Democrats voted against it, while 14 others were paired against it.

Takes the place of bar soap

Just soaking in big lasting Rinso suds does away with almost all rubbing

The most ground-in dirt is loosened without injuring a thread. Only the dirtiest places need a light rubbing. Dissolve Rinso in boiling water. Use enough to get big lasting suds. Soak an hour or more—overnight if you wish. (Colored clothes only half an hour.)

If you like to boil your white cottons

Boiling isn't necessary when you use Rinso, but if you like to boil your white cottons, let the safe Rinso suds boil through and through them. Use enough Rinso dissolved in boiling water to give you the suds you like. No other soap—no washing powder—is needed with Rinso.

For the very dirtiest places

A little dry Rinso sprinkled directly on the dirtiest places makes even the most obstinate dirt disappear with just a light rubbing. Rinso has more cleansing power than is possible in bar soap.

If you use a washing machine

Rinso suds have enough body to get clothes clean without rubbing. Use enough Rinso solution to make rich suds. Operate your machine. You need no other soap, no washing powder with Rinso.

THE sensible way, the attractive way, the most inexpensive way, as thousands of thrifty home-keepers are discovering.

For a summer living room, there is nothing so acceptable. For the porch, the dining room, the summer sleeping room, one of these beautiful, cool-looking, colorful Bird's Neponset Rugs is most desirable.

And for the kitchen, bathroom, hallway, pantry—winter and summer—women who make a fixed practice of getting one hundred cents worth out of every dollar will tell you there is nothing else nearly so practical.

And, to all the good points of other rugs of this type—attractive patterns, quickly cleanable surface, stainproof, waterproof—there is another and an added advantage for you to think about—

A Bird's Neponset Rug has a waxed back. This is a patented process which waterproofs the rug to a much higher degree than the back of other floor coverings. And, because of the waxed back, there is no danger of the rug sticking to the floor or of permanently staining it.
